

## APPROVAL CERTIFICATE

EASA.21J.386

Pursuant to Regulations (EU) 2018/1139 and (EU) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

### **LIEBHERR-AEROSPACE TOULOUSE SAS**

**408 Avenue des Etats Unis BP 52010  
31016 Toulouse Cedex 2  
France**

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J.

#### CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference LTS-MAN-MOC-0004, in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the **European Union Aviation Safety Agency**,

Date of issue: 31 July 2020

Terms of Approval 21J.386  
Issue 6, 31 July 2020

LIEBHERR-AEROSPACE TOULOUSE SAS

## **Terms of Approval**

### **Design Organisation Approval Certificate**

### **EASA.21J.386**

#### **1 Scope**

This Design Organisation Approval is applicable for the scope defined in Annex A for design work with regard to the airworthiness, operational suitability and environmental characteristics of the products.

#### **2 Privileges**

- a) (Reserved)
- b) (Reserved)
- c) The holder of this design organisation approval shall be entitled, within the scope of this terms of approval, and under the relevant procedures of the design assurance system:
  - 1. to classify changes to a type-certificate or to a supplemental type-certificate and repair designs as “major” or “minor”;
  - 2. to approve minor changes to a type-certificate or to a supplemental type-certificate and minor repair designs;
  - 3. (Reserved);
  - 4. (Reserved);
  - 5. [not applicable]
  - 6. [not applicable]
  - 7. [not applicable]
  - 8. [not applicable]
  - 9. [not applicable]

### 3 Obligations

The holder of this design organisation approval shall, within the scope of this terms of approval:

- a) maintain the handbook required under point 21.A.243 in conformity with the design assurance system;
- b) ensure that this handbook or the relevant procedures included by cross-reference are used as a basic working document within the organisation;
- c) determine that the design of products, or changes or repairs thereto comply with the applicable specifications and requirements and have no unsafe features;
- d) [not applicable]
- e) [not applicable]
- f) [not applicable]
- g) [not applicable]
- h) designate data and information issued under the authority of the approved design organisation within the scope of its terms of approval as established by the Agency with the following statement: “The technical content of this document is approved under the authority of the DOA ref. EASA.21J.386”.

Date of issue: 31/07/2020

## Annex A

### Scope of work

	TC	STC	major changes	minor changes	major repairs	minor repairs	flight conditions	permit to fly
Large and small aeroplanes and rotorcrafts								
Cabin								
Cabin interiors				■		■		
Environmental Control Systems								
Air conditioning systems				■		■		
Bleed systems				■		■		
Ice and Rain protection systems				■		■		
Pressurization systems				■		■		

#### Legend:

■	Title for category of product
■	Title for design scope
■	Title for design area

■	Within scope
□	Outside scope

### List of products

[not applicable]

### Limitations

Limitations common to all products and activities

1. Design activities requiring flight testing are excluded.
2. Changes affecting OSD (Operational Suitability Data) are excluded.
3. The privilege under paragraph 2(c)(2) excludes changes to the aircraft flight manual and supplements.
