

Liebherr and LEEL Electricals to Cooperate in India

September 2018 – Liebherr-Transportation Systems and LEEL Electricals signed a letter of intent regarding a close cooperation in the Indian rail transport market.

At InnoTrans 2018, Liebherr-Transportation Systems GmbH & Co KG and LEEL Electricals Ltd. have signed a Letter of Intent regarding a potential cooperation in the Indian market. Both companies are aiming to increase the collaboration in the fields of development, manufacturing and sales of air conditioning systems and thermal management systems for any kind of rail vehicles. In addition, the agreement comprises customer service in conjunction with maintenance and repair of the respective products and systems.

Liebherr-Transportation Systems as a global system provider of state-of-the-art air conditioning solutions and LEEL Electricals as a competent and well established partner of the Indian rail industry, strongly believe that bundling the competences of both companies will create new opportunities to jointly generate sustainable added value for their customers in India.

Liebherr-Transportation Systems – Renowned Manufacturer of Railway Technology

Liebherr-Aerospace & Transportation SAS in Toulouse (France) is one of eleven divisional control companies in the Liebherr Group and coordinates all activities in the fields of transportation and aviation equipment. It employs around 5,400 people worldwide.

Liebherr's transportation systems division supplies cab and saloon heating, ventilation and air conditioning (HVAC) systems, thermal management systems for diverse, mobile and stationary e-mobility applications, hydraulic actuation systems, dampers and hydraulic load levelling equipment for rail vehicles of all kinds. Liebherr has many years of experience in the development, manufacture, and field service of these technologies, offering support throughout the entire product lifecycle. The company invests continuously in its R&D activities in order to offer its customers new generations of diverse transportation systems solutions.

Liebherr-Transportation Systems has three production plants in Korneuburg (Austria), Marica (Bulgaria) and Zhuji (China). In addition to its own sales and service centers, the division has access to the Liebherr Group's extensive and unique technologies as well as development and service facilities around the world. This global set-up means that Liebherr-Transportation Systems is there for its customers wherever they may be.
