

Shine & Harmony Co., Ltd. is the new representation of Liebherr-Verzahntechnik in Taiwan

Kempton (Germany) March 10, 2014 – Since 01.01.2014 the Shine & Harmony Co., Ltd. as a representative in Taiwan for Liebherr Verzahntechnik GmbH, located in Kempton (Germany) is acting in the market.

With this new gear technology sales team in place, Liebherr can meet customer requirements even faster and more efficiently. The on-site service team is supported by the expertise of the service team at the production facility in Kempton. This is also where the Chinese assembly workers are trained. In this way, the team is always up-to-date with current gear cutting technologies.

In parallel, the new representation is going to assemble its own service for gear cutting machines in Taiwan to support old as well as new customers quickly and competently.
