

Liebherr-Australia opens new Sales and Service Centre near Brisbane

Brisbane (Australia) September 2014 – Under the motto "Committed to Your Success", Liebherr-Australia Pty. Ltd. opened its new Sales and Service Centre at Yatala near Brisbane (Queensland) in April 2014. The official opening ceremony was celebrated on Friday the 15th of August 2014 and was attended by numerous customers and other guests. Liebherr will be using this location to serve customers and potential clients locally.

The ceremony, held under a German beer garden theme, was attended by over 100 customers, guests and Liebherr staff. More than 10 machines were exhibited, including mobile cranes and machines from Liebherr's earthmoving product range.

Project Figures

The brand new facility has just been built and enables Liebherr to provide the customers with even better service. The premises include a spacious workshop with internal gantry cranes, a wash bay and a large spare parts warehouse. The branch covers 3,000 m² of office and warehouse area with the site having a total of 6,000 m².

Liebherr-Australia Pty. Ltd. is expanding its support for its Australian and New Zealand customers, so further jobs will also be created here in the future.

About Liebherr-Australia Pty. Ltd.

Liebherr-Australia Pty. Ltd. was founded in 1981 in Adelaide, South Australia. As a member of the globally active Liebherr Group, the company is responsible for the sale and service of Liebherr mining equipment, earthmoving equipment, deep foundation machines, mobile and crawler cranes in Australia and New Zealand. Today, Liebherr-Australia Pty. Ltd. employs more than 800 members of staff, with facilities in Adelaide (South Australia), Sydney and Singleton (New South Wales), Perth and Newman (Western Australia), Melbourne (Victoria), Brisbane and Mackay (Queensland) as well as in Auckland and Matamata (New Zealand).

Liebherr is planning further investments in Australia in the years ahead. Liebherr-Australia Pty. Ltd. has recently opened a remanufacturing centre for components and a new warehouse and logistics centre at the Adelaide site. In addition, a new service subsidiary has been established at Newman. Furthermore, Liebherr-Australia Pty. Ltd. is expanding its infrastructure at the Perth, Mackay and Singleton sites.
