# Original Liebherr Filter Packages

## High service standard with optimum availability

Every minute counts when it comes to the cost effectiveness of a machine. Liebherr original parts are customized for your machine so optimizing performance and extending the service life. Get the most out of your machine.

### Outstanding filter performance

The Liebherr filters are perfectly suited to the machine and so provide outstanding filtering effectiveness.

### Optimally harmonized

Service packages are assembled to perfectly match the service intervals of your machine and can so be grouped under one order number.

### Original quality

Liebherr original spare parts are manufactured according to Liebherr's high quality standards. In other words, they are made according to the same production process and are thereby subject to Liebherr's comprehensive checks.

### Cost-effectiveness

Original filter packages from Liebherr mean complete requirements are ordered all at once in a single order. This saves time and money as opposed to individual orders.

### Safety

Thanks to many decades of experience in the field, Liebherr's manufacturing expertise provides a high level of safety.

### Partnership

High service standards with optimum availability is our commitment to our customers.

# The Liebherr Group of Companies

## Wide Product Range

The Liebherr Group is one of the largest construction equipment manufacturers in the world. Liebherr's high-value products and services enjoy a high reputation in many other fields. The wide range includes domestic appliances, aerospace and transportation systems, machine tools and maritime cranes.

## Exceptional Customer Benefit

Every product line provides a complete range of models in many different versions. With both their technical excellence and acknowledged quality, Liebherr products offer a maximum of customer benefits in practical applications.

## State-of-the-art Technology

To provide consistent, top quality products, Liebherr attaches great importance to each product area, its components and core technologies. Important modules and components are developed and manufactured in-house, for instance the entire drive and control technology for construction equipment.

## Worldwide and Independent

Hans Liebherr founded the Liebherr family company in 1949. Since that time, the enterprise has steadily grown to a group of more than 130 companies with over 41,000 employees located on all continents. The corporate headquarters of the Group is Liebherr-International AG in Bulle, Switzerland. The Liebherr family is the sole owner of the company.
